

MARKET ANALYSIS

Russia Security Software Forecast and Analysis, 2002-2007

Timur Faroukshin

IDC OPINION

TABLE OF CONTENTS

	P
In This Study	1
Methodology	1
Executive Summary	1
Situation Overview	2
Market Characteristics	2
Economic and Political Environment	2
IT Environment	2
Information Technology Market Overview	2
General IT Trends	2
Drivers	2
Inhibitors	3
The Structure of the Security Software Market in Russia	3
Drivers	5
Growth of Internet Usage	5
Improved Economic Situation	5
Growth of the PC Installed Base	5
Expansive Growth of the Market	5
Transition from Product-based to Service-Based Antivirus Protection	5
Blended Threats	6
Online Banking	6
Anti-Piracy Efforts Made by Government and Market Players	6
Nature of Security Software	6
Maturing Market	6
Expansion of Product Lines by Security Software Vendors	6
More Devices to be Protected	7
Inhibitors	7
Software Piracy	7
Reluctance to Invest in Security	7
Structure of the Market	7
Limited Number of Large Customers	7
Overview of the Security Software Market by Functional Area	7
Secure Content Management	9
Drivers	9
Inhibitors	9
Firewall/VPN	10
Drivers	11
Inhibitors	11
Security 3A	12
Drivers	13
Inhibitors	13
Intrusion Detection and Vulnerability Assessment	14
Drivers	15
Inhibitors	15
Future Outlook	16
Forecast and Assumptions	16
Security Software Market Assumptions by Functional Area	19
Forecast	21
Overview of Leading Security Software Vendors in Russia	21

LIST OF TABLES

	P
1 Overview of Key Economic Indicators in Russia, 2001-2004	2
2 Security Software Revenue (US\$M) by Vendor in Russia, 2002.....	4
3 Security Software Revenue (US\$M) by Functional Market in Russia, 2002	8
4 Secure Content Management Software Revenue (US\$M) by Vendor in Russia, 2002.....	10
5 Firewall/VPN Software Revenue (US\$M) by Vendor in Russia, 2002.....	12
6 Security 3A Software Revenue (US\$M) by Vendor in Russia, 2002	14
7 IDnA Software Revenue (US\$M) by Vendor in Russia, 2002.....	15
8 Key Forecast Assumptions for the Russian Security Software Market, 2002-2007.....	16
9 Key Forecast Assumptions for the Russian Security Software Market, 2002-2007.....	19
10 Forecast for Security Software Revenue (US\$M) by Functional Market in Russia, 2002-2007	21

LIST OF FIGURES

	P
1 Security Software Revenue (US\$M) by Functional Area in Russia, 2002	8
2 Secure Content Management Software Revenue (US\$M) by Functional Sub-Segment in Russia, 2002	10
3 Firewall/VPN Software Revenue (US\$M) by Functional Sub-Segment in Russia, 2002	12
4 Security 3A Software Revenue (US\$M) by Functional Sub-Segment in Russia, 2002	14
5 IDnA Software Revenue (US\$M) by Functional Sub-Segment in Russia, 2002	16
6 IDC's Software Market Taxonomy, 2003	32
7 IDC Security Software Market Taxonomy, 2003	36
